Dear Stakeholders, fiscal Year 2019 marked another standout year for Lagos Food Bank. We are very proud of what we accomplished, and we are grateful for the support that has enabled us to continue to move our mission forward. Quite simply, we could not have done this essential work without you. Fiscal Year 2019 witnessed an exponential increase in volunteer intake, donor-support, partnerships with corporate bodies and non-profit organizations. Donors want accountability, transparency and results — and we have delivered. This did not happen by chance or because of our respected reputation, alone. Rather, it is the result of extremely hard work by compassionate volunteers who are committed to serving our communities; I commend our team for their grit and consistency. We were able to reach over 100,000 families across 12 different Local Government Areas in Lagos. It feels great to know there are people who care and will go a length further to help the fight against hunger and make a difference in the lives of our beneficiaries.

A significant achievement of Fiscal Year 2019 was the birth of EDUFOOD program designed to serve children in low cost private schools and public primary/secondary schools with school lunch. We also witnessed the physical visit of the Global Food Banking Network to Nigeria in fulfillment of our goal to attain global certification and membership. I am very excited to announce to you all that this current Fiscal Year 2020, one of our major objectives is to establish our presence in 35% of our beneficiary communities across Lagos by building a small “Hub” in each community which will bring us much closer to the communities we serve in order to understand how to better meet their basic needs.

It is my delight to mention that Lagos Food Bank is not just an organization; it is a movement. We do whatever it takes to add value to our community and contribute to delivering more success through shared goals and mutual support. As you read through this Annual Report you will see the results of our work, and how the Food Bank is preparing for another year of growth and innovation.

On behalf of the board and the thousands of people we serve, I would like to thank our generous donors, our exceptional staff team and amazing lead volunteers for helping us move one step closer to solving the hunger puzzle in Lagos. I am proud to be part of this amazing organization and to be surrounded by such a dedicated and passionate group of people who share the vision of a hunger free Lagos. Together, we can end hunger in our community.
VISION
We are committed to creating a Lagos without hunger and closing the obvious food gap.

MISSION
To end hunger and malnutrition by providing for the immediate (nutritious meals) and long term needs (sustainable employment) of the extremely poor to improve their socio-economic status.

OBJECTIVES
1. To address the problem of Malnutrition in children under the age of 5 years, improve the nutrition intake of pregnant women and lactating mothers.
2. To reduce the amount of food waste by promoting sustainable conservation and redistribution of excess food to the most vulnerable in the society.
3. To end poverty and malnutrition; enable sustainable development in agriculture through family farming, combat and adapt to climate change.
4. To enlighten the public on the importance of good nutrition and healthy living.
5. To accept donations of food, food-related product, money and other properties.
6. To empower vulnerable communities with skilled jobs to put food on their tables.
7. To receive, inspect and store items for distribution to vulnerable households.
8. To co-operate with other NGOs with similar objectives.
9. To be the first port of call for welfare and emergency relief for disaster victims by providing co-ordination and support in the distribution of foodstuff and relief items.
10. To ensure that support and information are consistently available to help guaranty the appropriateness of emergency programs.
11. To work with other groups towards a solution to the problem of poverty and chronic hunger in Lagos, Nigeria.

OUR CORE VALUES
- Commitment: We are committed to solving hunger induced problems and providing related services
- Compassion: We are motivated by compassion to reach out to the poor
- Community: We collaborate with others who share our goals of a poverty free nation
- Connection: We build a community of people that connect with the needs of the most vulnerable in the society
- Contribution: We do whatever it takes to add value and contribute to deliver more services to our beneficiaries through shared goals and mutual support

OUR CULTURE
- We encourage transparency
- We are result driven
- We honor our commitments
- We encourage growth
- We trust each other
- We are future minded
- We are innovative
Hunger has a face, and that face is the face of pain. Global hunger is on the rise and statistics show that one in every nine people in the world go hungry daily. 821 million people struggle with chronic hunger (FAO 2018). The Giant Africa, Nigeria, has the highest number of hungry people in West Africa, with about 80% living below the poverty line. Lagos is one of the largest economies in Africa and currently the 13th most expensive city in the world. It has a population of 24.5 million and a land mass of 3,345 square kilometers but produces less than three percent of food required for its citizens. As a result of the expensive living cost, many poor families have migrated to slums where houses are fairly cheap, hence most settlers run a risk of acute malnutrition. Studies show that most malnourished individuals are at a risk of hypertension, diabetes and other nutritional deficiency related diseases, this in turn impacts economic development. The reality is that hunger in Lagos is glaring and we at Lagos Food Bank can’t sit still and watch people waste when we can intervene. We understand that a malnourished population is equivalent to a retarded economy.

WALK - IN

MOBILE PANTRY

COMMUNITY
THE THING ABOUT LAGOS!

Lagos State, Nigeria’s largest urban area is arguably the most economically important state of the country. Despite being one of the most stressful states on the planet, more people migrate from other rural communities in the country to Lagos every day in search of greener pastures because to many, Lagos is the land of opportunity and the center of excellence but unfortunately, they are faced with the reality of not getting things easy as it seems.

WHO IS HUNGRY IN LAGOS?

There are more people affected with Hunger in Lagos State than we can imagine. The numbers are not exactly fixed but the reality is glaring, over 50% of the population of people living in Lagos battling to survive. With a growing population (over 23 Million in 2017) on a daily basis, it means resources will be stretched and more people are likely to go to bed hungry due to the harsh economic reality. More Lagosians are living from hand to mouth and a greater percentage can barely afford a single meal. Hidden hunger is more prevalent in Lagos than other states in Nigeria.
For the first time in human history, the end of hunger, under-nutrition and extreme poverty is within our grasp.
Our Programs
Nutritious Meal Plan Intervention for Vulnerable Mothers and Children (NUMEPLAN) seeks to improve the nutrition of vulnerable pregnant mothers, lactating mothers and infants affected by malnutrition, most especially under-nutrition. It is an ongoing project expected to span for 3 years. We understand inadequate nutritional intake affects the health status of women and hence have a detrimental effect on birth weight and early development of their children. In addition, undernourished children are greatly susceptible to stunting (low height for age), wasting (low weight for height), underweight (low weight for age), anemia and other nutritional deficiency-related diseases.

In 2019, we partnered with the Primary Health Care Centre to ensure proper assessment, nutrition intervention and monitoring and evaluation of beneficiaries.

3 Primary Health Care Centres

50 volunteers contributed.

50 women & children enrolled in the intervention plan.

6 months after enrollment.
Education Enhancement Intervention for Food Insecure Students was launched in August 2019. Lagos Food Bank works closely with the class teachers, headmasters, principals and the management of schools to help identify the students in the schools who satisfy the criteria of “extremely poor, vulnerable and food insecure”. Undernourished children are likely to perform poorly at school. The aim of the project is to sustain school attendance, reduce dropout rates, develop the student’s health, and increase their ability to concentrate and comprehend in class. Nutritious meals including fruits were distributed to vulnerable children twice a week.
Lack of access to nutritious food is truly devastating to children, families and entire communities. Here is the story of 13-year-old Titilayo and her sister in Olowolagba Community in Iwaya Yaba, a brave young girl trying to support her family and sibling by washing dishes daily at a nearby restaurant to feed her family. With no money or food, her family is trying to survive by eating a meal per day.

Her father is out of town and her mother lacks a stable means of income. Titilayo’s story demonstrates that extreme poverty and hunger is often the result of factors that are far beyond the children’s control. However, with the right support, there is hope. We have registered Titilayo’s family on our database and regularly provide food supplies to her family once in a month.
We share the vision of the UN Decade of Family Farming (2019-2028) which is a world where diverse, healthy and sustainable food and agricultural systems flourish, where resilient rural and urban communities enjoy a high quality of life in dignity, equity, free from hunger and poverty. Through the Food Bank’s family farming program, we have started training and empowerment of both women and youths, practically demonstrating agricultural activities and engaging them in our family farming and empowerment program. We know that to feed the world and do it sustainably, an urgent and radical shift in our food systems is necessary. In 2019:

70 Beneficiaries registered
200 Volunteer hours contributed.
Job Placement Program

Our job placement program is designed to ensure the sustenance and independence of our beneficiaries. This innovative step is achieved by collating the basic skills of our beneficiaries and matching them with business that might be in need of their services. In addition, at outreaches, some beneficiaries are taught basic entrepreneurial skills by professionals to enable them use these skills for income generation. We understand that meeting beyond instant needs of beneficiaries is key in ensuring sustainability and survival of families.

17 Beneficiaries got Job Placement
We at Lagos Food Bank are committed to improving the nutrition of women and children in the society, most especially Lagos. At the end of each month we reach out to communities with foods and also ensure that these beneficiaries are educated on the importance of breastfeeding, cooking style, minimalist cooking, hygiene etc. At every outreach, medical supplies are distributed to the needy beneficiaries. We organized 12 monthly outreaches throughout the year.

- **50,000kg** Of food was served annually
- **5,000kg** Of food distributed monthly
- **48,000** Volunteer hours contributed monthly
- **2** Nutrition lessons delivered monthly
- **200** Children weighed monthly
The increased rate of unemployment has resulted in increased number of destitute who have no access to food more or less nutritious food. The Mobile Pantry Services bridge the gap by directly serving beneficiaries in areas of high need for food most especially destitute homes and streets. Through our mobile pantry, we are able to use vans to distribute pre-packed foods to beneficiaries. The mobile pantry grants us the capacity to distribute foods to underserved areas, and allows for fast and flexible delivery of rescued food and perishable foods.

300 People served monthly
Ife is an 11 months old girl suffering from malnutrition (under-nutrition) who was diagnosed to be suffering from malnutrition at 7 months. Her mother had brought her for the usual medical screening carried out during one of our monthly community outreaches in March 2019. She looked pale, dehydrated with plucked hair and flaccid skin. After series of tests were carried out, treatments began immediately at the primary health care center (PHC). Ife is our most severe case of malnutrition, hence the Lagos Food Bank’s medical team visits Ife fortnightly at her Iwaya home to check her progress, carry out the routine tests and deliver food stuff, fruits, vitamins and supplements and drugs. Ife has made considerable progress in her health her parents are happy to know she has a better future ahead of her.
Walk In Services

We understand that several families, including working families sometimes run short of food for a period. Hence, food and relief items are stored at the Food Bank Building and made available for vulnerable people who walk into the food bank daily to collect food and relief items. Through this means we have been able to reach a lot of widows and orphans. They come at specific periods to collect food and relief items.

330 People served monthly.
Special Programs
WALKATHON CAMPAIGN

Lagos Food Bank Walkathon, also known as hunger walk, is an annual event targeted at raising funds and creating awareness about our humanitarian efforts towards hunger relief and nutrition services to underserved communities. Through the walkathon campaign we create an avenue for organisations to support our efforts to improve nutrition of pregnant women and children.

In 2019, walkathon outreach held on the 31st of August at the National Stadium, Surulere, Lagos. The theme was “Help Feed the Future” and was focused on raising funds to kick start our new project EDU-FOOD (Education Enhancement intervention for Food Insecure Students). Activities before the awareness walk ranged from face painting, picture taking and certificate presentation.

1,300 volunteers in attendance
N1M 1,000,000 Naira raised.
20 organizations in attendance
The danceathon outreach is a nutrition campaign that combines dance-aerobics, games, and fundraising. It is also a fun way to burn excess calories. In 2019, the danceathon outreach held on the 27th of April at Police College Ground, Ikeja, Lagos.

500 Volunteers in attendance  N1.481M Raised  35 Brand partnership in attendance
World Food Day is a day of action dedicated to tackling global hunger. The Lagos Food Bank celebrated the world food day at Ilaje Slum Constain, Ebuta Metta in partnership with itel Mobile. The theme for the year was “Our Actions Our Future”. To achieve a world without hunger and malnutrition in all its forms by 2030, it is imperative to accelerate and scale up actions to strengthen the resilience and adaptive capacity of food systems and people’s livelihoods in response to climate variability and extremes. This day brings together people from all walks of life to focus on SDG 2, which aims to end hunger, achieve food security and improve nutrition.

The Lagos Food Bank Initiative is intentional about ensuring everyone gains access to nutritious foods. We therefore continue to embrace opportunities that we can use to empower others and shed light on the issue of hunger in Lagos. Nutritious cooked food, raw food, packs of table water, cups, lunch boxes and other items were distributed by volunteers on ground. Our nutrition/medical team took the data of malnourished children and adults in this community giving preferences to children with chronic malnutrition. Tests were conducted and relevant drugs were administered and data was harvested for evaluation.

3000 beneficiaries in attendance
500 volunteers in attendance
2500kg of food distributed
As a nutritionist, I had always wanted to be a part of an organisation that feeds the hungry and promote nutrition. I came across Lagos Food Bank and decided this was a great opportunity.

Joining Lagos Food Bank as a Volunteer has given me the opportunity to be selfless. When I see the beneficiaries happy, it gives me so much joy and fulfilment that I am part of building a community I want to live in.
CHILDREN COMMUNITY DEVELOPMENT PROGRAM (CCDP)

The need to instill love and community development in children is imperative. Lagos food bank creates an avenue for children and teenagers within ages 8 years and 17 years to engage in community service by serving hungry kids in the slum areas. The second edition of the children community development program held on the 14th of December 2019 and recorded a huge success. The kids had the opportunity to appreciate life and make impact on other kids.

3000 beneficiaries in attendance
100 kid volunteers in attendance
50 adult volunteers in attendance
2500kg of food distributed
WHAT WE DO TO PREVENT FOOD WASTE

According to FAO in 2011, it is estimated that 1/3 of all food produced globally is lost or goes to waste. The problem of food waste doesn’t just affect food security but the ecosystem and hence the increased climate change. We at LFBI are working tirelessly to reduce food loss and waste. We all have a part to play in reducing food loss and waste, not only for the sake of the food but for energy imputed into production. Food Waste not only have an impact on hunger, it causes a huge economic loss and climate change as a result of increase in methane cause global warming. It has a Big Impact on Climate, Water, Land and Biodiversity. Hence, in the bid to prevent food waste we designed a process to capture food wastes from being dumped on landfills

1. Excess foods from farms, stores and food processing units.
2. Capture surplus food to prevent waste.
3. Distribute to our beneficiaries

25,000kg of food was diverted from landfills
Bristow Helicopters Nigeria
This is a funding partnership that provides yearly support to LFBI to implement community based programs.

World Connect
This is a funding partnership geared towards increasing the reach of our NUMEPLAN program.

Zippy Logistics Limited
A supply chain company that contributes nutritious processed food to support our beneficiaries & diet.

The Global FoodBanking Network
A partnership geared towards supporting LFBI with technical skills to effectively carry out food banking operations to serve our beneficiaries.

Venus Processing & Packaging limited
A food processing company that supplies nutritious food to improve the nutrition intake of our beneficiaries.
Here at Lagos Food Bank Initiative, we do not know the word quit. We are not relenting in our quest to solve the problem of hunger and food insecurity.

We hope to expand our territory in 2020 and aggressively reach out to more people. Here are our targets for 2020:

1. Reach at least 500,000 (Five hundred thousand) persons consisting mainly of indigent families, children, youths, widows, age and nursing and lactating mothers.

2. Reach at least 2,000 children through our EDUFOOD program.

3. Reach 1,000 children and nursing and lactating mothers through our NUMEPLAN program.

4. Establish 500 beneficiaries in sustainable entrepreneurial skills and work placements.

5. Raise N35million (($96551.72) in annual revenue which will enable us to maintain and expand our humanitarian services across board.

6. Create at least four more food bank locations/branches within Lagos.

7. Acquire at least two 30-seater Coaster Buses and one refrigerated truck to help with movement logistics and distribution of food.

8. Increase our volunteer base by 100% compared to 2019.

9. Increase food distribution from 50,000kg annually in 2019 to 200,000kg in 2020.

10. Build a structured learning community of Lagos Food Bank volunteer nutrition educators.

11. Establish a Nutrition Education Program with comprehensive curriculum

12. Achieve 80% donations towards our daily/monthly food distributions

13. Maintain inventory accuracy at 98%.
Total Population of Lagos State: 25,000,000

Estimated at Risk of Hunger: 8,450,000

Food Gap: 7,395,000

Lagos Food Bank Currently Reachout to: 1,000,000

We Know
- An estimated 8,450,000 people in Lagos are at risk of being hungry and not getting help.

We Believe
- Hunger is solvable
- Hunger has no place in Lagos the epicenter of commerce, innovation and prosperity.

We’re Determined
- To lead the movement to end hunger in Lagos and its environs.
- To feed 50 percent more people in 2018.
- To implement solutions that end malnutrition in all its forms.

Lagos Food Bank Initiative

2019 Impact Report
I am a photographer and I use this as an avenue to make money. **Volunteering my photography skills at Lagos food Bank makes me fulfilled** and reminds me of the fact that anyone can use his/her skills for the betterment of the nation. I use my skills to tell stories of the state of under-nutrition. I also use my skills to tell stories of how food put smiles on the faces of people.

**TOP FOOD DONOR**

- **ZIPPY LOGISTICS LTD**
OUR PARTNERS
1 Financial and Food Donations

Lagos Food Bank Initiative relies on financial sponsorship, food donations and Food rescue. To donate to LFBI, kindly contact us.

2 Volunteer

You can volunteer as an individual or a group. Volunteers help with several services during our monthly outreaches and at the food bank.

3 Offer your Services

If you have a special skill like photography, videography, writing and graphic design, you can offer your services by helping out.

We still have a lot work to do, together we can feed the hungry and help improve the nutrition of Pregnant women and children.
